Teachers Institutes.

The Institute for white teachers will open in the public school building, in the city of Aberdeen, on Monday, August 19, 1907, and will continue in session for five days. Prof. O. A. Shaw, an educator of ability, has been selected to conduct this institute and will do all in his power to strengthen teachers for their work.

He will be assisted by an able teacher in primary work who will make a specialty of instructing teachers how to present subject matter to the primary grades. No teacher can expect to grow in his work or to command increased compensation for his services unless he avails himself of opportunities afforded for professional training. The Institute is one of the means afforded by the State for this growth, and every teacher in the county is urged to attend this Institute and to remain during the entire session. Do not come just one day and then claim to have attended the Institute. Come for earnest work. Everything will be done to make your stay pleasant and profitable.

Respectfully,
T. T. DEVENPORT,
Supt. Education.

A CARD.

To the voters of Monroe county: Inasmuch as a rumor is being circulated over the county that if I am elected to the office of Sheriff, that it is my purpose to retain the services of R. C. or R. D. Crenshaw or both. To this I wish to say that I have made no trade with a living man for deputy places, nor do I propose to 'till the people say whether or not I am to be their Sheriff. Furthermore these two gentlemen will not serve in my office in any capacity, if I am elected. Signed J. D. COOPER.

We certify to the truthfulness of the above statement so far as we are concerned, and we promise the people that will neither of us serve as deputy under Mr. Cooper if elected. Signed R. C. CRENSHAW.
Signed R. D. CRENSHAW.

Subscribed and sworn to before me this 8th day of August 1907. C. P. SMITH, Clerk.

Give Us a Fair Tote.

The east side of the river in the late primary election was favored by securing almost all the county offices. Messrs. Lucian Wood and C. P. Smith, nominees for circuit and chancery clerks, are citizens of the second and third districts, respectively, or were until their election to those offices four years ago removed them to this city, and they probably retain their voting precincts. Mr. Nick Tubb, nominee for treasurer, is a resident of the second district; Prof. E. E. Cowley, nominated for superintendent of education, is a citizen of Amory; Mr. Andy Hill, nominee for surveyor, lives near Quincy; Mr. M. H. Bunn, for coroner and ranger, resides in the same neighborhood; both candidates for the run-off for sheriff claim their east side homes though at present living in Aberdeen; Messrs. Broyles and Beeks, nominees for representatives, reside in their second and third district, east side homes.

In the out come of the first primary Aberdeen and the west side of the river secured only two nominees, those of Greely Ray for tax assessor, and Mr. George J. Leftwich for State senator, a State district office with small enrolment and not generally coveted.

All this being true, it is asking too much to insist upon the generosity of our east side friends to accord to Aberdeen and the west side the remaining seat in the house of representatives to which Monroe is entitled? As is already known there was a tie vote at the first primary for third place on the legislative ticket between Messrs. J. M. Parchman and T. R. Caldwell, and they are now canvassing for a decision on August 22. There is nothing to urge against Capt. Caldwell. He is a loyal citizen, esteemed for his high qualities of integrity and a patriot and veteran of the civil war, well worthy any honor that placed him in the tie count, but in the spirit of a fair vote and for the sake of distributing the representation in the legislature more equitably, Aberdeen and the west side of the river is certainly entitled to one of the three representative seats, especially in view of the fact that the east side has captured the major portion of the ticket. Aberdeen cordially helped to nominate the candidates from the east, and now feels that a return of the compliment is due in the shape of a vote for Mr. Parchman for representative.

Ten Years in Bed.

"For ten years I was confined to my bed with disease of my kidneys," writes R. A. Gray, J. P., of Oakville, Ind. "It was so severe that I could not move part of the time. I consulted the very best medical skill available, but could get no relief until Foley's Kidney Cure was recommended to me. It has been a God-send to me." Sold by J. L. Shell & Co.

SPEAKING!

Hon. Earl Brewer, candidate for Governor, will address the people of Hawamba and Monroe counties at the following time and places, to-wit:

At Mantachie, Friday, August 16, at 9:30 a. m.

At Fulton, Friday, August 16, at 2:00 p. m.

At Tilden, August 16, at night.

At Smithville, Saturday, August 17, at 8:30 a. m.

At Hatley, Saturday, August 17, at 12:30 p. m.

At Stonewall, Saturday, August 17, at 4:30 p. m.

At Aberdeen, Saturday, August 17, at 8:30 p. m.

Come and hear this attractive speaker on the issues of the day. The ladies are cordially invited to be present. August 13, 1907.—It.

FRUITS AND VEGETABLES are very scarce, but we have them in cans, that are as good as fresh ones. Let us supply your table—that's our business. Phone 79. F. D. CARTER & CO.

The city authorities last week erected an arc light at the corner of Locust and Washington streets—the East Inn. That was a wise and timely act, for it was very much needed, and they will further improve that neighborhood by laying a concrete are even a good brick pavement from Maple to Locust, so that pedestrians—local as well as transient—can reach that hotelery if they so desire. The pavement is a more pressing need than was the light.

Election Managers.

The County Executive Committee at its session of August 2, appointed the same managers that served at the primary of August 1, to hold the second primary, August 22, a complete list of which we published last week. The first named manager at each precinct was designated as the custodian of the ballot, and it is the urgent request of the Chairman and Committee that they call for the boxes and election supplies not later than Tuesday, August 20. These managers will be recommended by the Committee for appointment by the election commissioners to hold the November election.

The Oil Mill Ginnery.

Contract was awarded Tuesday to Mr. Addison Bramm of this city for the building for the cotton ginnery annex to the People's Oil Mill and Fertilizer Works. It is to be a two-story frame structure, with dimensions for accommodating eight gin stands, and to be completed by September 5.

The contract for machinery, including six stands of 70-axes each, was let to the Continental Gin Company of Birmingham, by whom it will be installed as soon as the building is completed. The establishment is slated to be ready for operation by the latter part of September.

Skating Rink.

The Crescent Rink is now open to the public and those who wish to skate should attend before September 1, as we close for good on that date.

Aberdeen Amusement Co.

Letter to Henderson Hardware Co. Aberdeen, Miss.

Dear Sir: The easiest way we know of to make a little money is if you're going to paint to paint with paint that takes less gallons.

Take a small job; say it takes 10 gallons Devos, two coats; that's an average house. When the job is done and the bill comes in, it is \$20; the paint etc. \$17.50; the rest is for labor and cartage; the labor is fixing the surface, shifting ladders scaffolding poles and ropes, and brushing-on paint.

Take another job exactly like that; try another paint; it takes 12 gallons. The bill is \$24 more. Take another exactly the same; another paint; it takes 20 gallons. The bill is \$100.

There is only one Devos; there's a dozen 12-gallon paints, and 100 that take 30 gallons to cover a 10-gallon job.

The only difficulty is in finding-out Devos. After that you save work; there's less work in 10 than 12 or 20 gallons; less paint to buy and less to brush-on and less wages to pay.

If Devos was only a little better than others, there'd be some difficulty in finding-out the difference. It goes twice as far as half the paints; that ought to be easy.

It wears longer too. You'll wait a good while if you wait to find-out how long it wears; there are thousands of people who know that the least-gallons paint wears longest.

Yours truly

F. W. DEVOS & CO
